

A new way of  
**cooking,**  
**eating** and  
**living**

## Read it Before You Eat It

Four weeks of dinner - plus breakfast, lunch, snack and dessert recipes - use foods with short ingredient lists, or no label at all!

## Embrace Superfoods

Menus include nutritional superstars, with veggies in the spotlight, while meats and grains take supporting roles.

## Activate Flavor

Herbs, spices, vinegars, citrus and mustards provide fine restaurant flavors that replace the addictive formulas of processed foods.

## Listen to Your Gut Feelings

REAL food and its healthy fiber fill you up before filling you out, resulting in effective portion control and trimming of unwanted calories.

## Eat REAL Cookbook 28-Day Kickstart
